At its meeting on 4 November 1953, the Project Review Committee approved the amount of \$372,041.29 for FY 1954 for the project as submitted. The Committee took note that the project calls for an over-all expenditure of \$387,041.29 but that \$15,000 was obligated in FY 1953. Also, it was noted that \$277,041.29 is available in the General Services Office Funds and that the difference of \$75,000 is to be transferred to that Office from funds made available through adjustments in Training Office requirements for FY 1954. Thus, no demand is to be made on the Director's Reserve. In the event the project is approved, the Acting Deputy Director, Administration would advise the Bureau of the Budget inasmuch as construction work is involved.
